Pre-Kindergarten is a stepping-stone for children who are just about ready for the big step into Kindergarten. They will experience many hands-on learning activities preparing them socially, academically, and spiritually for Kindergarten.

The Pre-Kindergarten students will experience: Christian environment, social and spiritual development, mentorship from older students, music class and participation in school musical programs, physical education classes, library and computer time each week, field trips with active learning experiences, the breakfast and hot lunch program, and after-school childcare.
